

Find plants and animals in *Rain Forest Secrets*, *A Tree Is Growing*, *Animal Tracks*, *Animals Talk*, and other books. Decide if they live in a temperate, cool forest, or a hot, tropical rain forest. Print out this page and write down what you have discovered.

| Write the name of the plant or animal from the rain forest in this column. | Write in the boxes that match the plant or animal. |   |
|--|--|---|
|  | Is it plant or animal?                             | From a tropical or temperate rain forest? |
